

Majorsine-SNMP Communication Card

Remote monitoring is a prime consideration and requirement to manage multiple network elements from a central location. Remote access is established by simply installing the plug-n-play card, configuring your network IP address, and attaching the network interface cable.

- » Remote Monitoring Via IP Address
- » Email Traps/Alerts
- » System History
- » Monitor
- » Output Voltage
- » Bypass Status
- » Temperature
- » Load %
- » Remote Shutdown & Restart

Locking- Hardwire Adapter

Reliable locking NEMA 5-15 plug to secure load circuits to the output sockets of the inverter. Heavy-duty design locks the plug in place to prevent disconnecting critical loads.
